

MINDSET EMPOWERMENT SPEAKER

ASHLEE BRAXTON

Ashlee is a powerful and passionate international speaker, coach and event host. Her experience on stage allows her to command a room and deliver thought provoking messages. Those left in a room with Ashlee come out with a new vision, belief and powerful positive mindset leading them to their goals and dreams. Ashlee is dedicated to rewiring an individual's mindset, allowing them to be the very best version of themselves and to unlock their full potential!

As a company, we felt most at ease with Ashlee in charge of shifting our company mindset to positive growth. She gave each employee the gift to not only believe in the company, but to believe in themselves. She truly has a way with reading the room, and adapting so it feels like she is speaking to you personally.

Pierre Dubuc, CEO Openclassrooms

Ashlee has the presence to command any room she walks into. She gave our team the confidence to overcome our resistance to change. Our team was not the same when she left.

Estella Buscato, Bayer CropScience

BIOGRAPHY

Ashlee began her journey into the music and television industry. She's worked with various artists such as her aunt, Toni Braxton and Lady Gaga. Ashlee has had various roles in the music industry as an international talent manager, tour manager, and background singer. Ashlee has been around the world and back again singing for many people of all likes in the world even kings, presidents, princes and princesses.

She moved to Paris in 2016 to learn the language of French. She eventually worked her way into two top 10 French-Tech companies as a key employee and stepping into executive leadership roles.

Now in Barcelona, Ashlee is focused on coaching creatives and professionals into their leadership roles, hosting events and creating travel retreats designed to encourage conscious and transformational traveling. Ashlee is passionate about helping others realize their dreams and the possibilities life has to offer. She is constantly challenging the mindset of others and pushing them to go beyond what is real to create their own futures.
