EMPATHY

A balance of street smart, two-plus decades in corporate America, academic rigor, and travel to over twenty countries afford me many gemstones through heartfelt conversations with my fellow human beings.

With infinite curiosity and a treasure trove of diverse experiences, what brings this nomad home, is an immersion into personal truths that are relatable yet markedly unlike those of my own.

FEATURED IN CapMetro

"Alicia has a way with her audience. She wins them over with her professional demeanor, her engaging personality, and most importantly, her substantive message. Empathy is growing rapidly as a main staple in society; learn your part in this burgeoning movement with Empathy Uprise."

— Rikki Powers, WIN Nevada, President-Elect

"A tour de force demonstration of empathy vs. a lecture about the subject, Alicia is engaging and interactive. You would be wise to consider Alicia for your organization's journey while you can still book her." - Chuck Alvey, Chair-Reno, NV, Vistage International
