

# Biography Of Dr. Kevin Sadati

Dr. Kevin Sadati stands at the pinnacle of facial plastic surgery, shaping the visages of individuals with a unique blend of artistic finesse and medical precision. For over two decades, he has been a beacon of excellence in Newport Beach, California, where his surgical skills and commitment to innovation have solidified his position as one of the nation's preeminent facial plastic surgeons.

## Surgical Maestro and Industry Leader

Board-certified and renowned, he has amassed a staggering record, having performed over 5000 facelift surgeries worldwide. His exceptional talent is recognized by his patients and peers, earning him accolades such as "Best Aesthetic Doctor" and "Best Cosmetic Surgeon" for six consecutive years by OC Register voters. His groundbreaking techniques, including the "Triple Layered 'C' Plication" and "Preservation Deep Plane Facelift," have set new standards in the field.

### **Dr. Kevin Sadati**

His journey is not only a testament to his surgical skill but also a celebration of a life dedicated to transforming and enhancing the beauty of others.

## Commitment to Excellence

He ensures patient safety is paramount at the helm of his AAAHC-accredited surgical suite, equipped with cutting-edge technology. His Newport Beach clinic, a masterpiece in itself, reflects his commitment to creating a space that is not only safe but also aesthetically pleasing. A prolific author and speaker, he shares his expertise at national plastic surgery meetings, contributing to the advancement of his field.

## Deep Plane Facelift and Preservation Facelift

His revolutionary techniques, the Deep Plane Facelift and Preservation Facelift, have become synonymous with natural-looking results that defy the typical signs of surgical intervention. His dedication to innovation and personalized care sets him apart in facial rejuvenation.

## An Artistic Visionary

### Dr. Kevin Sadati

Awards such as "Best Overall Facial Rejuvenation" at the Aesthetic Show affirm his status as a luminary in facial plastic surgery.

Dr. Kevin's prowess extends beyond the operating room. Trained in fine arts, he seamlessly integrates art and science to produce scientifically impeccable and artistically pleasing results. Notable publications such as The New York Times, LA Times, and Vogue Magazine have recognized his contributions. Awards such as "Best Overall Facial Rejuvenation" at the Aesthetic Show affirm his status as a luminary in facial plastic surgery.

## National Recognition and Television Appearances

He has graced national television, including NBC's "The Doctors," where he showcased his expertise in rhinoplasty techniques. His appearances have solidified his reputation, making him a trusted authority in the field.

## A Philanthropist at Heart

Beyond the surgical suite, Dr. Sadati channels his passion for helping others through philanthropy. His commitment to children's hospitals, providing musical instruments for underprivileged children, and participating in medical missions to Africa underscores his dedication to making a positive impact beyond plastic surgery.

## A Renaissance Man

### **Dr. Kevin Sadati**

His dedication to innovation and personalized care sets him apart in the realm of facial rejuvenation.

His multifaceted personality extends beyond the medical arena. A connoisseur of the arts, he finds solace in painting and sculpting, a passion that stems from his formal training in fine arts. An avid fitness enthusiast, he balances his life with outdoor activities such as mountain biking and snowboarding. His love for travel broadens his horizons, enriching his professional and personal perspectives.

## Sharing Wisdom Globally

Looking ahead, he is set to present his groundbreaking facelift techniques at the American Academy of Facial Plastic Surgery in October and New Orleans. These engagements affirm his commitment to advancing his field globally.

Dr. Sadati exemplifies professionalism, punctuality, and diligence in facial plastic surgery. His journey is a testament to his surgical skill and a celebration of a life dedicated to transforming and enhancing the beauty of others.
