## Speaking Topics

CLAIM YOUR POWER  
**BUILD YOUR EMPIRE**  
RULE WITH RADICAL  
OWNERSHIP

Kimberly has overcome adversity in every area of life and business - growing up with an addict for a father, bulimia, sexual abuse, divorce, debt, underearning, business buyouts, growing three businesses, birthing two babies, and unexpectedly moving to Australia in the middle of a pandemic. What she learned from each challenge is that ownership is essential, all self-limiting beliefs are plagiarized, confidence is cultivated, and the only way through fear is to move forward with faith, courage, and vision.
