DAVID NEAGLE'S 3-STEP PROCESS

TO ACHIEVE YOUR FINANCIAL GOALS

Who does David speak to? He speaks to entrepreneurs, business owners, people who have a lot of responsibility to their companies and aren't getting the results they need because of where they are.

They're stuck in their business and life, not progressing the way they want, and not achieving their dreams and aspirations.

David has a 3-step process to help audiences achieve their financial goals:

Awareness

Most people aren't aware of what's really causing the lack of results in their business. He helps them uncover these unseen blind spots in their business.

Mindset Shift

One of the most important changes you need to make for lasting financial success is shifting your mindset around money and what's possible.

Road Map

David helps audiences map out specific and individualized action steps to achieve their goals.

Audiences will feel more confident in their ability to achieve the results they desire, leave with the clarity they need to avoid common pitfalls and have an empowered mindset around success and money.

PRESENTATION TOPICS

01. THE ART OF SUCCESS:

Through personal stories and Universal principles, David will help you begin to understand how your own subconscious beliefs impact your results. He'll lead you to see how you can change what's going on in your mind that's preventing you from bridging the gap between where you are and where you want to go.

02. THE 4 PILLARS OF INFLUENCE:

Whether you are an entrepreneur, CEO or employee, the single most important skill of any leader is the ability to influence. David masterfully guides you through four principles that will allow you to use your own power of influence to engage and inspire others and lead with excellence.

03. GOING FROM GOOD TO GREAT:

What does it mean to really be GREAT? Everyone is put here with a purpose, and part of that purpose is to express greatness in his or her own unique way. However, most of us weren't raised with the awareness of what makes us great and these qualities were never nurtured or cultivated. Good was good enough. But for leaders, good just doesn't cut it. David will guide you to your unique greatness and start to shift how you see yourself so that you're not stuck settling for good – you're living your greatness and bringing it out in others!

04. CULTIVATING A MINDSET FOR MAXIMUM PROSPERITY:

Very few leaders really understand the difference between how the most successful individuals think (in any industry you can imagine), and the way others (high achievers even)—with moderate success—think. The difference is that very few people understand Universal Laws and how to apply them. Drawing from his own experience and years of study, David will share how to pave the way to soaring profits and limitless potential.

"In a word: Riveting. David is – without question – the most talked about and memorable speaker we've had on any of our many stages over the last decade. Even several years later, our audience members still share with us how much he impacted their lives. His delivery is engaging and insightful, and he transforms the energy in the room. Most of all, it was thrilling to watch from the back of the room as our audience's eyes stay glued to David, and they hung on every word, as he guided them from how to go from merely imagining their future possibilities to making their new vision a reality. He is a consummate professional, and provides immense, transformational value every time he speaks."

DAVID NEAGLE

PRESIDENT, LIFE IS NOW INC

I was a high school dropout, starting a new family, stuck in a dead end job, and found myself searching for answers. I felt completely hopeless. It was at that moment I knew something needed to change.

But, like I said, I was stuck. I was stuck in my job, stuck in how I saw myself and how I thought about who I was.

I couldn't see myself moving forward. It was because of a shift in my mindset that ignited a massive breakthrough that tripled my income. My entire outlook on business and life and my future changed because I saw what could be and I got 'unstuck' from where I was.

This is the same story people in your audience are experiencing every day because they're stuck.

Entrepreneurs, business owners, people who have a lot of responsibility to their companies and aren't getting the results they need because of where they are. They're stuck in their business and life, not progressing the way they want, and not achieving their dreams and aspirations.

I went from a high school drop-out and minimum wage forklift driver to multi-million dollar business owner who now helps others to hit their first 7-Figures in under 12 months.

My team and I have helped tens of thousands of business owners break through their mindset blocks and start taking actionable steps to get unstuck in life and business.

Straight up. No bullshit. Direct. Tells you what you need to hear not what you want to hear. Refreshing in a PC world.

- Jeff Norris

This is an absolute must for everyone who is committed to personal evolution. David is a master at how fear, shame, and guilt prevent you from manifesting your purpose.

- Kristin D'amato | Author, Speaker, Healer

This has been more useful for personal growth than five years of therapy... because therapy has focused on processing the past and not seeing what it is and breaking through it.
