

Mary Canty Merrill, PhD

Industrial & Organizational
Psychologist

Integrated Behavioral Solutions

Dr. Mary is a force to be reckoned with. Drawing from her understanding of human behavior and dynamics, 30+ years experience in the public and private sectors, and extensive global travel, she is lauded for her unique ability to interact with, connect and inspire individuals across socially-imposed boundaries to deepen self- and other awareness to create breakthrough change.

Working at the individual, group, organizational and community levels, Dr. Mary offers customized solutions to meet unique client needs, maximize impact and increase sustainability. She brings the best of what she's learned to each endeavor while challenging audiences to take control of their lives by tapping into their innate power, unleashing latent potential, and fostering new ways of thinking, doing and being.
