

How Do I Know You?

What the discussion is aimed to drive:

- Create individual awareness and self-reflection
- Challenge individual's perceptions of difference and foundation of understanding
- Aid individuals to accept personal growth opportunities
- Allow people to process and answer their own questions at their own pace
- Collectively accept/acknowledge the imperfection of people
- Be a catalyst for group discussion

What it is not

- It is not intended to be a program
- It is not a threat of character
- Not expecting 100% action post discussion
- Not targeting, challenging or calling out a specific demographic
