

Ken Fanger

Ken Fanger, MBA, CMMC-RP

Ken Fanger is an industry expert in cybersecurity, with **over 30 years of experience** working with businesses of all sizes in the pharmaceutical, legal, medical, nonprofit, and government fields.

Ken is one of **fewer than 2,000 people** to hold the designation of **CMMC-RP** (Cybersecurity Maturity Model Certification Registered Practitioner), helping businesses with Federal contracts to meet the new Department of Defense **cybersecurity standards**.

Ken is a **sought after speaker for audiences all over the country**, including small and large businesses, universities, governments, manufacturers, and those serving international markets. Ken is also a **published author and a contributing writer** to various industry publications.

Ken's current campaign is to **Humanize Security**, a fundamental change toward a more holistic approach to **cyber resiliency and recovery**.

*"...easily digestible, practical and useful. I appreciate Ken's style in breaking down information in an area where he is, frankly, **BRILLIANT**, so we don't have to be."*

Dawn Kendrick
Creator, The Good Stuff Family

Humanizing Security

A concept woven through each presentation topic

Cybersecurity, Ransomware and Beyond

Learn more about cybersecurity, ransomware, and other cyber threats to your business and productivity, and what you can do about them.

The Triple A Method to Security

Learn more about the pre-attack, attack, and post-attack stages of a cyber attack, along with helpful steps to defend and recover.

CMMC and Government Contracts

Learn more about the cybersecurity requirements and how to meet them in order to maintain or seek out new federal contracts.

...and MUCH more!

More topics are available to meet each client or organization's needs, interests, and/or compliance requirements. Call today!
