

# Mobilizing Media Innovations

## Mission Statement

*It is my mission to help cultivate successful strategies which will allow for individuals, agencies and the business community to foster environments of maximum productivity and efficiency in life, work, and play.*

## Equality Counts

*"The true realization of equality occurs when you are willing to look beyond the prevailing opinion of others and judge people on the merits of their character and abilities rather than their outward appearance."*

*--Kevin McShan*

*"Respect is earned and not an expected right and only those willing to experience both the trials and hardships of failure while also basking in the glory of success will ultimately earn the respect of others."*

*--Kevin McShan*

*Everyone is equipped with a unique combination of attributes and skills in which they bring to society at large.*

*--Kevin McShan*

- To provide training in Accessibility for Ontarians with Disability Act Customer Service Training

# Making a Difference

## Inspirational Leader

*“My only regret not having met Kevin is not doing so sooner. In saying that, knowing Kevin for the time I have has provided enough inspiration for a lifetime. Gaining a deeper understanding of who Kevin is, the challenges he's faced, and what he has been able to accomplish is truly astounding and a testament that with purpose, passion, and determination truly anything is possible. “*

*-- Dallen Reber*

*Owner at Realizations.co*

## Lasting Impression

*“Rarely have I come across someone with such incredible potential, determination and spirit. Those qualities which are proven to be the recipe for success. Kevin exudes these characteristics within every molecule of his being. This makes it quite easy for me to add my name to his growing list of fans.”*

*-- Taras Natyshak*

*MPP Essex*

---

*“We have all been put on this earth to build a foundation for future generations,”*
