Donna Maltz has been a successful eco-entrepreneur since 1980. She started multiple sustainable companies, including her first organic farm in the 70s. Among her many achievements, she started the first Natural foods bakery and cafe in Alaska, which won Alaska's Small Business of the Year Award in 2010 for being one of the pioneers of organic food in the state. Donna also went national with the nation's first organic cocoa and chocolate syrup, branded as AH!LASKA.

She is now an author, speaker, Soil to Soul life and business coach, and leader of custom Holistic Healing Retreats on the gorgeous Big Island of Hawai'i. The retreats focus on culinary healing arts and Nature Therapy.

With an ongoing passion for being part of the Soulution, Donna loves encouraging others to live in ways that better themselves and Mother Earth. She is the founder of Soil to Soul Solutions and Soil to Soul Academy, which both guide others to make the world a more ethical, vibrant place for all sentient beings. Her coaching programs are designed for ambitious professionals and eco-entrepreneurs who want to balance their work and lifestyles and give back to their communities.

When she's not working on social and environmental justice, she's hanging out with her life-loving husband, playing with their many four-legged friends, and photographing Hawai'i's stunning natural landscape.
