▲ AELL B's BIO

Known as the Empaths Ambassador, I support emerging thought-leaders to monetise their intuitive gifts and transform into Heralded Healers.

I thought healing from child abuse was enough trauma but immediately after a back injury I had to surrender to chemo. It wasn't until Universe delivered 'My Message' on a bad acid trip, that I finally understood...

I'm a spiritual strategist, here to help others link logic with love.

Learning from my empowered surrender, I created Empath-Preneur-Ship, specifically to help hesitant thought-leaders leave their legacy and bigger impact on the world.

When I'm not playing in the Quantum field, I'm the brand ambassador for a homeless charity, the tech translator for Professional Speakers Australia QLD or training for the Sydney to Hobart '24 Yacht race.

I have a dream of creating 'The Empaths Embassy' to support and develop Intuitive Claire gifts.

As a multi-award winning healer and top 1% Australian leadership coach, I am proof that even being raised on a mobile home caravan park, can't stop unwavering greatness!
