Survivor. Storyteller. Advocate.

Disruptor. Retreat innovator. Author.

"Heather uses her Brutally Beautiful as a passion for amplifying the power of using voice/choice and vulnerability to help anyone who is facing adversity. Her superpower is that her words come directly to you from her heart; there is no hidden motive, no glossy storybook ending, and no B.S. it's the real person who is there with one goal; only to help other real people on whatever journey of adversity they are on. In each word, she brings her depth of experience, wisdom, and heartfelt care to her audience. You will shed a tear and a laugh and walk away in awe of this woman"

## TESTIMONIAL

"The retreat means the world to me. At the retreat you created such a wonderful container of compassion, honesty, love and realness that allowed me to feel so held and seen that it was a turning point for me. I will move forward with more strength, sense of myself, and knowing I have a group of people with me. You have all created something so beautiful." -Jodi
