Winnie Chan Wang is a mindfulness and traditional medicine expert, international speaker, bestselling author, and a professor in acupuncture at the Alhambra Medical University. In her private practice, Winnie applies integrative medical approaches (acupuncture, mindfulness training, and reiki) to help her clients reduce fatigue, pain, anxiety, fear, and worry. She has the vulnerability of Brene Brown and the science-based background of Deepak Chopra where she provides her clients with an integrative approach to healing past trauma and challenges.
