WHAT THEY ARE SAYING!

Rachelle Carrié is a formidable diversity, equity, and inclusion advocate. The foundation of her presentation style is a quiet thoughtfulness that perfectly manifests her passion for helping and supporting others. In addition, she provides an ideal combination of transparency, sharing her own story, with education to assist her audience in labeling and understanding complex issues, feelings, and experiences. Rachelle also does a fabulous job balancing interacting with the guests and panelists and making the audience feel seen, heard, and included.
