Richard Hollis

Cyber Security Yogi

Richard is the Founder and Chief Executive of Risk Crew - a unique London-based consultancy specialising in cyber security risk management, ethical hacking, and user awareness training.

A seasoned cyber security expert and ardent privacy rights advocate, Richard possesses over 30 years of "hands on" skills and experience in designing, implementing, and testing the security integrity of business information technology systems. He lives and breathes cyber security and understands how to simplify it and make it relevant.
