## Founding Director

ethicsinsight

Helping ethics, risk & compliance professionals positively impact their organisation and avoid potential issues by making risk relevant.

I have 20+ years of experience managing risks, ethics, compliance, and crises across 30+ sectors. Before founding Ethics Insight, I worked in roles focused on counter-terrorism, investigations, risk analysis, crisis response, and E&C advisory support.

I am the author of "[Bootstrapping Ethics - Integrity Risk Management for Real-World Application](#)", helping those with limited resources navigate risk and ethical challenges.

I have augmented this experience with a Postgraduate Diploma in Behavioural Analysis and Investigative Interviewing. I am a Certified Fraud Examiner and Crisis Responder.
