"MILITARY FRIENDLY" VERSUS "MILITARY READY"

A lot of companies have the right intentions, they just don't have the knowledge base to effectively hire from the military community.

At Suiting Green, we don't expect you to be a subject matter expert on every career field, rank, or branch in the US military, but we can help lay a basic foundation upon which to build your military community hiring programs. Change is difficult and disruptive, but a pivot in the right direction is highly rewarding. This is why we ask the following question, does your company have a fixed mindset or a growth mindset?

YOUR GREATEST COMPETITIVE ADVANTAGE IS YOUR PEOPLE. WHAT ARE YOU DOING ABOUT IT?

- What is the quality of your talent?
- Talent acquisition and talent management are indirectly the largest revenue generators because they impact every other revenue-generating function.
- Hire for what you can't teach.
- The right talent can make your business stronger than it was before.

What We Can Do For You

- Workshops / One-on-One Training
- Rosetta Stone for Resumes
- Employee Resources Groups
- Streamline Onboarding
- Benefits of hiring from the military community (Tax Credits, Test Drives, Other Intangibles)
