

AUTHOR & WOMEN'S CONFERENCE SPEAKER

Dorenthea Nemeth

Dorenthea loves encouraging and empowering women to walk into their “next”, which happens to be the title of her latest book, *NEXT: Four Steps to Get Unstuck and Walk Into Purpose*. She inspires women to run after their goals and ambitions, and to just dream again.

In Dorenthea’s first book, *In the Midst of the Storm*, she wrote about the 12 year incarceration of her husband and the struggles she faced as a single mom, eventually losing her car & home, forcing her and her two small children to move back home to live with her parents for five years. While she had every reason to quit, her faith kept her going, letting her know that quitting was not an option. Now, she inspires other women letting them know that no matter what, quitting is NOT an option.
