SPEAKER, PODCASTER, WRITER

SPEAKER KIT

Jill is the author of **Happy Healthy Wealthy and Wise**, and host of the **Grow Like a Mother** podcast.

She speaks on topics ranging from time management to goal setting, from self-care to following your intuition. She has hosted workshops and talks on corporate training and etiquette, showing up as your authentic self, personal development, manifesting your dreams, and more.

Jill's style is authentic, engaging, and fun. She is casual enough to relate to the audience in a real way and packs a punch with the quality of information she brings to each event. There is usually a bit of swearing and always laughter.
