APPLY AT & OUTSIDE WORK

Eagle Soaring Gifts

Claircognizance: you spontaneously receive info (truth re: someone-something, facts & figures) plus creative, inspirational & beneficial ideas; have an unquiet mind

Clairvoyance (physically, in mind): you see colors, shapes, objects or pictures when you sleep or meditate; are imaginative & daydream; speak in metaphors

Clairaudience (audibly, in mind/telepathically): you listen more than talk; give profoundly helpful advice

Empathy (via heart & body): you feel others' pain & empathize with them

Clairsentience (via gut): you sense the emotions of people, spirits & places

CASE SITUATION

- 1 INTENTION:** To find an inventor of technology for an industry where the demand for its services has outgrown its capacity.
- 2 INTUITION:** My clairsentience led me to someone I had no prior knowledge about. He has this technology & said to contact his professor. My claircognizance nudged me to drive to a boat launch I had never seen. There I saw a crayfish (clairvoyance). Its message was “dig deep”.

CASE SITUATION

- 3 VERIFICATION:** I asked the inventor 3 questions:
1. “What motivates your prof intrinsically & extrinsically?”, 2. “What do you mean by “his benefit”? I discovered his prof has done business in bad faith: several billion dollars’ worth! & 3. “What allows you to sleep peacefully at night knowing that you have to deal with your prof?”
- 4 CONCLUSION & DECISION:** Given the inventor’s response, “I outplay him”, I felt comfortable to proceed with him but not his prof.

EST EXERCISE

- 1 What is your ESG™?**
- 2 What decision do you need, want or desire to make now?**
- 3 With answers 1 & 2, what intuitive insights, ideas & information did you receive for 3?**
- 4 Share your answers with the person on your left.**
